

Quando crio uma campanha, ela fica automaticamente ativa?

Ao criar uma campanha irá possibilitar dar descontos aos seus clientes, em épocas que considere estrategicamente relevantes para aumentar as suas vendas.

Quando cria uma campanha, a última etapa é guardar as informações criadas, e terá de optar entre fazer "Save" ou "Publish"

Se clicar em "Save" vai salvar os dados da campanha mas não irá publicar, apenas ficará como rascunho.

The screenshot shows the 'Promocodes' form in the Pluralo interface. At the top right, there are three buttons: 'Cancel' (blue), 'Save' (green), and 'Publish' (green). The form itself is titled 'Promocodes' and contains several sections:

- This campaign is for:** A dropdown menu set to 'Tourist'.
- Code:** A text input field containing 'Promo14draft'.
- Discount:** A numeric input field set to '50' with a '%' symbol next to it.
- Máx. Quantity:** A numeric input field set to '50'.
- Apply discount to extras:** A checkbox that is currently unchecked.
- Booking period:** Two date pickers showing '01-03-2019' and '31-03-2019'.
- Valid when booked:** A dropdown menu set to 'Anytime' and the text 'before activity start'.
- Start valid period:** Two date pickers showing '04-04-2019' and '30-04-2019'.
- Days of the week:** A row of seven circular buttons for 'Mon', 'Tue', 'Wed', 'Thu', 'Fri', 'Sat', and 'Sun'. The 'Thu' button is selected.
- Deselect all:** A text link below the day buttons.
- Product selection:** Two radio buttons: 'All Products' (selected) and 'Selected Products'.

Para publicar a campanha basta selecionar a opção "Publish", e a campanha ficará automaticamente salva e pronta a ser utilizada.
